

Steve Kelly Managing Director

Construction Experience:
37 years

Qualifications:

- Member of the Chartered Institute of Building

Steve's strengths:

Steve has already shown himself to be an enthusiastic and driven leader with a philosophy to inspire staff to achieve excellence. He takes pride in the close relationships that he builds with clients and believes in going the extra mile to ensure that Allenbuild clients are not only satisfied with the service they receive, but delighted! Steve has an honest and open approach to business and expects high standards and teamwork in all that Allenbuild do.

Employment History - Key Points and Experience:

- Began career in construction in 1970 as Junior Engineer (Wimpey Construction), rising to Area Manager in 1995.
- Joined Snape Construction as Construction Director in 1998, responsible for Construction and Safety.
- In 2002, promoted to Regional Managing Director for the Northern Region of Bluestone North (now Morgan Ashurst), which encompassed all work in the Merseyside, Yorkshire and Greater Manchester Regions.

Steve has worked extensively in the North for 35 years, during which time he has been involved in some of the largest and most prestigious projects in the North of England.

And now.....

Steve joined Allenbuild as Managing Director in September 2007 and is responsible for the overall performance of the Northwest region. His role requires him to ensure that all projects provide client satisfaction via a quality service and product; that our business unit and all projects are commercially successful and that all sites are safe and environmentally considerate working environments.
